BUFFER WHEEL KIT

Access all areas with your Pop-Up platforms with a rubber buffer wheel kit that helps to protect final fix doors, walls and partitions. When the wheels meet the surrounding surfaces they simply rotate, pushing the Pop-Up away from the area and so substantially reducing damage. Designed to retain the tiny Pop-Up footprint, the buffer wheels ensure that Pop-Up still glides through single doors and into personnel lifts with ease

- **Easy to fit 4 x rubber buffer wheels**
- **Helps prevent accidental damage to walls and doors**
- **Manoeuvres into tight spaces**
- **Provides access to all areas**

BUFFER WHEEL KIT

Named after its award winning product, Pop-Up, Pop-Up Products Limited is an independent company, solely engaged in the development and supply of quality access products for over 30 years

Pop-Up Buffer Wheel Kit has been developed in response to demand for the **Pop-Up** platforms at final fix stages of construction. The buffer wheels are designed to retain all of the original features of the **Pop-Up**. The fitting of this kit will not affect LOLER certificate inspection

Key features and benefits

- 📌 **Pop-Up Buffer Wheel Kit includes:**
 - 4 x Buffer wheels
 - 8 x M10 by 30mm button head socket screws
 - 8 x M10 Nyloc nuts
 - 8 x M10 plain washers
