NEW

CONFINED SPACE HANDRAIL

Named after its award winning product, Pop-Up, Pop-Up Products Limited is an independent company, solely engaged in the development and supply of quality access products for over 30 years

Pop-Up Confined Space Handrail has been developed in conjunction with major contractors to provide a solution to working at height within a confined space. The handrail is designed to retain all of the original features of the **Pop-Up**. The fitting of this kit will not affect LOLER certificate inspection
